

STUDENT'S RECORD OF ATTENDING THE PRACTICE

MASTER STUDY

Full name:	Year of study:	*
Address:	Programme:	

Compulsory master practice is completed by all students in the first or second year of study in a minimum length of 120 hours. Students choose the topic of their diploma thesis in the first semester of the master study and, at the latest from the second semester, they start writing their thesis. This allows them to realize the practice associated with the practical (empirical) part of the work (eg. collecting data, doing research, obtaining materials to propose solutions, etc.). Students individually search for companies and institutions where they complete their practice (internships abroad, part-time jobs, etc. can also be recognized). The professional focus of the internship should be in accordance with the topic of the bachelor thesis, however, on the bachelor level it is not a necessary condition.

CONFIRMATION OF COMPLETION OF PRACTICE		**
This is to confirm that the above named student has completed a compulsory master internship at our company in the amount of 120 hours.		
Dates of completion of the internship (from - to):		
Brief description of the content of the internship and evaluation of the student's work in the company:		
Date:	company stamp and signature	

* filled out by the student
