

EarthBridge

Building Bridges between Earth Observation
and Environmental Sciences

Project preparation and implementation

Kateřina Hájková

Funded by
the European Union

Faculty of
Environmental Sciences

Earth
Bridge

Project aims

EarthBridge aims

- increase the interdisciplinary **research capacity of the Czech University of Life Sciences Prague** in the field of environmental **Earth Observation (EO)**
- improve the use of environmental EO tools by a wider community, through **twinning with two internationally-leading universities**

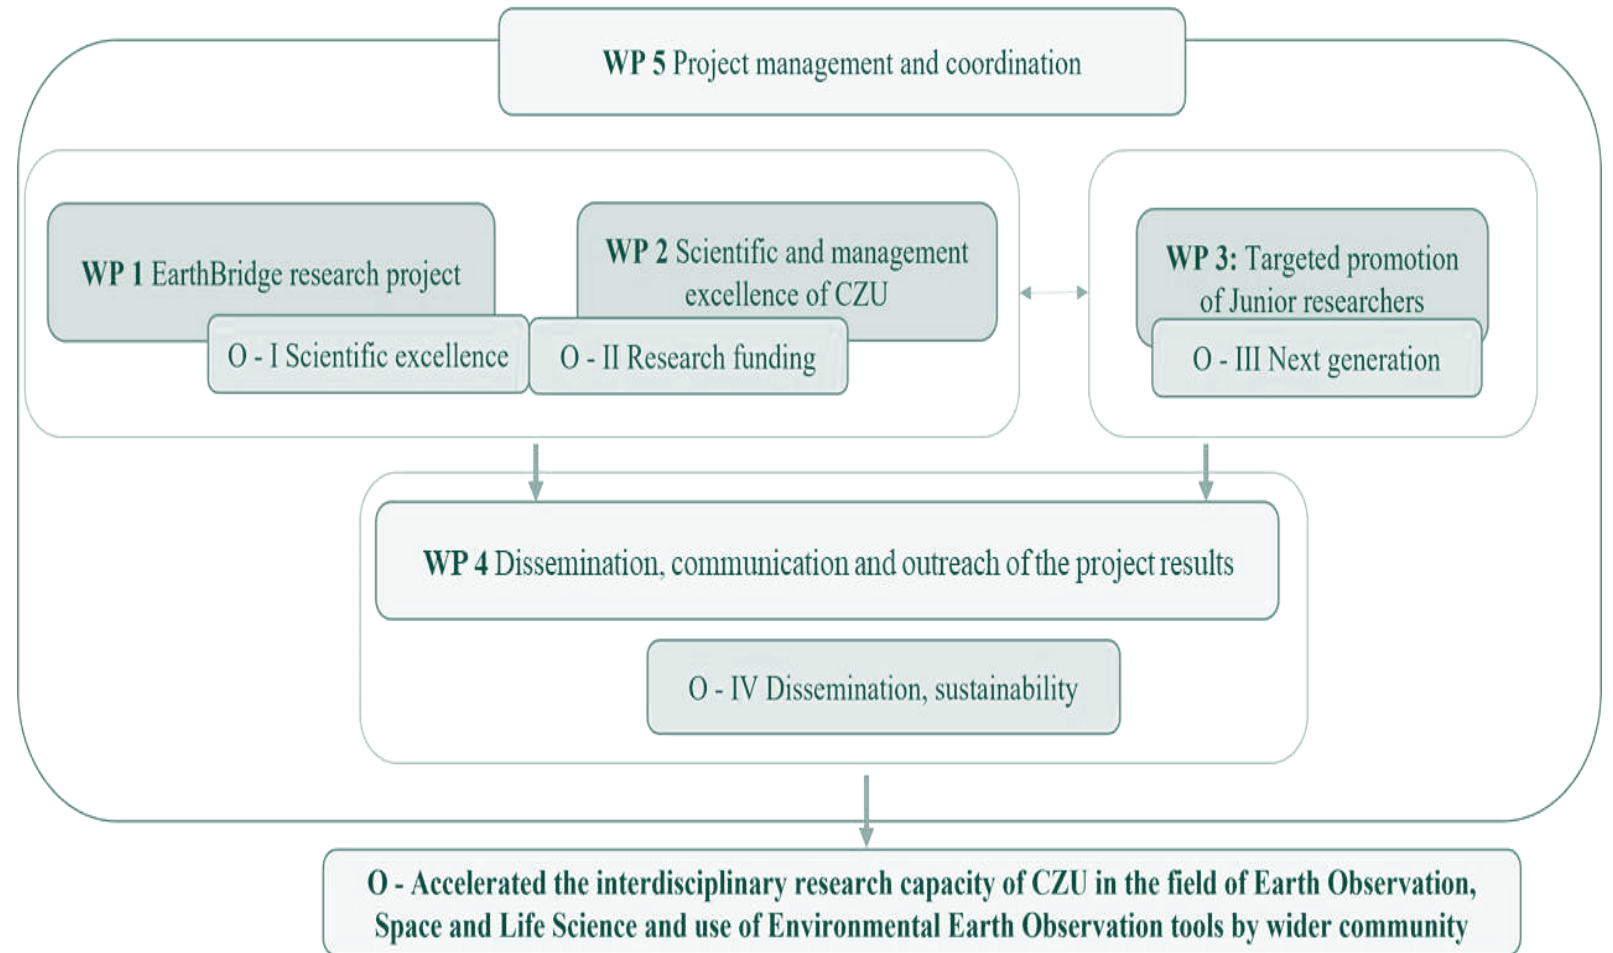

Partners

- Technische Universität Dresden (TUD) in Germany
- Alma Mater Studiorum - Università di Bologna (UNIBO) in Italy.

**Earth
Bridge**

Work packages

Earth
Bridge

Project methods

Senior and junior research exchanges

Scientific training

Project management training

Summer school

A joint study programme

A synthesis project for early-career researchers

Involvement of regional/national institutions

Project proposal – evaluation report

- ❖ **Excellence** - *lack of detailed description of the Key Performance Indicators*
- ❖ **Impact** - *the proposal does not adequately address potential barriers/obstacles that might negatively affect the realization of the expected impacts*
- ❖ **Impact** - *aspects such as data protection and Intellectual Property Rights management are inadequately considered.*
- ❖ **Implementation** - *risk management addresses some risks to the project. However, mitigation measures are not sufficiently addressed*

Useful tips

First become a partner in consortium with more experienced partners

A small consortium (3-4 institutions) in your first leading position

Build a consortium with institutions you have a previous experience with

Make sure that all project partners cooperate right from the beginning

Be realistic in your setting project goals / deliverables / indicators

Efficient tandem between Project manager & Project Investigator

Project implementation

Kick off meeting

Gant scheme
(list of deliverables,
milestones, indicators)

Promotion activities right
from the beginning

Project amendment

Regular project meeting
with partners
