(food, agriculture  
or forestry field) 10 ECTS

## Description

From fall 2015, the School of Food and Agriculture at Seinäjoki UAS, offers a one semester (30 ECTS) non-degree programme for international students. It is called **From Field to Fork!**

## Contents of the studies:

The studies consist of professional courses and study projects and are based on three different degree programmes: 1) Agriculture, 2) Food Processing and Biotechnology, 3) Food and Hospitality. The studies offer the students wide knowledge of the whole food chain - **From Field to Fork**. The study projects of the field of food and hospitality focus on food service processes and food development. The projects of the field of agriculture consist of animal husbandry and health care, crop production and/or agrotechnology and rural enterprise management. The study projects can also be chosen from the field of food processing and biotechnology.
