

Parul University Ahmedabad Indie _ Young Entrepreneur Exchange Programme YEEP

- 3 week summer school (4th August to 18th August, 2018) together with students from Bern University of Applied Sciences.
The area of summer school is Entrepreneurship and Innovation
- Participants: Students from different disciplines like business, engineering, sustainability (open to all)
- Content: The students will form groups with the Indian students and work on a Business Idea. During the two weeks, this business idea will be converted into a business model considering the business affecting factors in different countries. The group will be working with a Mentor for guidance. Also, the program ends with the students pitching their ideas in front of investors who may be interested in scaling and financing the business idea. The program involves the trips to Industries and also expert session of Entrepreneurs.
- Content to be finalised soon.
