

Barrande Fellowship program for PhD students:

Spend time in a French lab as part of your PhD

Receive a monthly stipend of 1 000€ (25 000 CZK) during your stay

No university fees

Health insurance taken care of by Campus France

Benefit from an accommodation in France through Campus France

APPLY BY FEBRUARY 15TH

All information on the application package and deadlines here:

<https://studium.ifp.cz/fr/doctorants/bourses-du-gouvernement-francais/>

Our stipends fund either:

- a double-degree doctorate (cotutelle) with a French university → 5 months every year for three years
- a short research stay in a French lab (1 to 3 months)

Conditions:

- Students need to be registered at a Czech University
- They have a valid project with an already identified French host
- All scientific fields are represented, including but not only:

- Life and natural sciences
- Exact sciences and engineering
- Social and Human sciences
- Economical and juridical sciences
- Medicine

- No condition on nationality
- The knowledge of French language is not required

NEW IN 2020 : EXTENSION OF THE MOBILITY PROGRAM

The call will be open both ways for French students coming to the Czech Republic as well. The call will close in February for both sides. Please contact the French institute for further information.
