

Technology Centre CAS and Czech University of Life Sciences Prague

Invites you to webinars for ERC and MSCA grants

How to Increase your Chance of Success in the Competition for ERC Starting Grants

Date: 15th April 2021 (09:00 – 12:00)

Speaker: Zuzana Čapková (Technology Centre) + successful applicant

The ERC Starting Grants are designed to support excellent Principal Investigators at the career stage at which they are starting their own independent research team or programme. Principal Investigators must demonstrate the ground-breaking nature, ambition and feasibility of their scientific proposal.

The seminar is for talented researchers, potential applicants for ERC grants, who have obtained PhDs between 2 and 7 years before fixed date 1.1. year to which the current ERC work programme relates.

Marie Skłodowska-Curie Actions: Chance for Postdocs

Date: 21st April 2021 (09:00 – 12:00)

Speaker: Zuzana Čapková (Technology Centre) + successful applicant

Marie Skłodowska-Curie Actions support training and career growth of researchers in the European Research Area. MSCA support researchers at all stages of their careers, regardless of age and nationality. Researchers working across all disciplines are eligible for funding. The MSCA also support cooperation between industry and academia and innovative training to enhance employability and career development.

The seminar is for talented researchers, potential applicants for MSCA grants (senior Ph.D: students and postdocs) as well as for project managers.

Both events will take place **via MS Teams** and will take place **in English**.

Please register by e-mail: toulap@rektorat.czu.cz

The seminars are being held in the framework of the LTI20001 project - Office to Support International Projects Focused on Life Sciences in the European Research Area III.
